Jakub Krukar, PhD

krukar@uni-muenster.de – http://krukar.staff.ifgi.de
Heisenbergstr. 2, 48149 Münster, Germany

Last update: December 2, 2021

PROFILE

02.2015— **Post-Doctoral Researcher**
Institute for Geoinformatics, University of Münster, Germany. Key projects:

- "WayTO: Wayfinding Through Orientation" ERC Starting Grant awarded to Prof. Angela Schwering (ERC No. 637645);
- "3-D Sketch Maps" Swiss National Science grant obtained in collaboration with Prof. Angela Schwering and ETH Zurich.

09-10.2020 **Statistics and Methodology Consultant**
Chair of Cognitive Science, ETH Zurich.

08-09.2019 **Visiting Research Fellow**
Future Cities Laboratory, Singapore-ETH Centre, Singapore.
Invited by Prof. Hölscher's Cognition, Perception and Urban Behaviour Group.

9.2018-3.2019 **Parental leave**. *Institute for Geoinformatics, University of Münster.*

10.2016-03.2017 **Research Associate**
Institute for Geoinformatics, University of Münster, Germany.
Substitution of Prof. Angela Schwering as the Head of Spatial Intelligence Lab (tasks incl. principal supervision of PhD/MSc students and project management).

25.11.2015 **PhD** (*viva voce* on 19.06.2015)
Department of Architecture and Built Environment, Northumbria University, Newcastle, United Kingdom.
"The Influence of an Art Gallery's Spatial Layout on Human Attention to and Memory of Art Exhibits."
Principal Supervisor: Prof. Ruth Conroy Dalton (Architecture).
Second Supervisor: Prof. Chris Dorsett (Fine Arts).

6.9.2011 **MA degree** in Psychology
University of Social Sciences and Humanities, Warsaw.
"Cross-Cultural Differences in Cognitive Representations of the Hagia Sophia Building in Istanbul."
Supervisor: Andrzej Strzałecki (Psychology).

2007–2008	Volunteer Research Assistant. *Institute of Psychology, University of Social Sciences and Humanities, Warsaw, Poland.*
10-12.2010	Erasmus-Sponsored Intern. *E-Medya Consultancy, Istanbul, Turkey.*
1-7.2010	Erasmus Exchange Student. *Maltepe Universitesi, Istanbul, Turkey.*
12.2009	Intern. *UseLab Website Usability Research Company, Warsaw, Poland*
2003-2006	Marie Sklodowska-Curie High School. *Gorzów Wielkopolski, Poland.*

FUNDING AND AWARDS

As Postdoctoral Researcher

Grants Received

Swiss National Science Foundation (SNF) within the programme "Sinergia – interdisciplinary, collaborative and breakthrough"
Co-author and collaborator on a 4-year-long, €1.1M proposal accepted on 26.05.2021. Conceptualization and writing of 2 out of 8 work packages; share in the budget approx. 25%. Partners involved: ETH Zürich, Future Cities Lab Singapore, Institute for Geoinformatics at University of Münster. Acceptance rate: 21%.

Future Cities Visting Research Fellow grant. *Future Cities Laboratory, Singapore-ETH Centre, Singapore.*
Travel and accommondation grant to cover a 2-month long invited stay at the Future Cities Laboratory in Singapore.

Early-stage research bursary. *AGILE: Association of Geographic Information Laboratories in Europe.*
A €1200 early-stage research bursary towards the cost of purchasing a mobile eye-tracker in order to gather preliminary data for own research proposal.

Conference travel grant.. *DAAD: German Academic Exchange Service.*
A €1100 grant for participating in the course on Bayesian Modeling for the Cognitive Science (http://www.bayescourse.socsci.uva.nl).

Conference travel grant. *VolkswagenStiftung.*
Travel and accomodation grant to attend and present at the symposium "Interdisciplinarity Revisited" (grant renounced).

External Award Nominations

Heinz Maier-Leibnitz-Preis. *DFG: German Research Foundation*
University of Münster's nominee for the Heinz Maier-Leibnitz-Preis in 2019. Each German university can nominate up to 2 untenured researchers per year, recognising their 'outstanding research achievements'.

As PhD Student

Awards	**Fee waiver and maintenence grant** Received a 100% tuition fee waiver and a 3-year maintenance grant towards pursuing the doctoral degree. *Northumbria University, Newcastle, UK.*
Individual Travel Grants	Secured **over £4700** of travel funding from organisations: *Experimental Psychology Society (Grindley Grant), Spatial Cognition Research Center SFB/TR 8, MOVE (COST Action IC0903), COSIT2013, University of California Santa Barbara, ETH Zürich, Northumbria University Graduate School (x3).*
Public Engagement	Secured **over £900** towards the costs of attending and co-organising public engagement activities (see section on Public Engagement).
Conference Volunteering	Volunteered as staff at MuseumNext2012 and GIScience2014 conferences in exchange for a fee waiver.

As MA Student

Awards	Scholarships for excellent admission scores (year 1) and high GPA (year 2); Erasmus Exchange (year 3) and Erasmus Internship (year 4) scholarships; Student conference attendance scholarship (year 5).

RESEARCH

Publications

Open Science statement. My most recent first-author publications include an accompanying Open Science Framework (OSF) with supplemental material such as transparency checklists, code, and data: http://osf.io/9ruhs. If you are interested in the material from any older project, contact me and I commit to uploading data and runnable code within 2 weeks.

reproducibility reviews

Krukar, J. (2021). Reproducibility review of: A Socially Aware Huff Model for Destination Choice in Nature-based Tourism. *AGILE International Conference on Geographic Information Science 2021.* doi: 10.17605/OSF.IO/4CPM3

Open and Reproducible Science

Publishes data and code of most recent publications on the Open Science Framework profile: http://osf.io/9ruhs.

Includes a simulation-based power analysis in recent psychological publications.

Member of the Reproducibility Committee for the AGILE International Conference on Geographic Information Science 2021. Author of "reproducibility reviews" reviewing the reproducibility of submitted conference contributions.

Editorial and Organisational Experience

Journals

Künstliche Intelligenz - German Journal of Artificial Intelligence.
Guest co-editor of the special issue on *Landmark-Based Navigation in Cognitive Systems* (Springer).
http://www.springer.com/computer/ai/journal/13218

Workshops

HabiTech: Inhabiting Buildings, Data & Technology
Workshop accepted to be held at the *Computer-Human Information (CHI 2020) Conference* in Honolulu, USA. Conference cancelled due to COVID-19.
http://chi2020.acm.org

Rethinking Wayfinding Support Systems
Workshop organised at the *13th International Conference on Spatial Information Theory (COSIT 2017) in L'Aquila, Italy.*
http://www.cosit2017.org

Program Committee Member

Eye Tracking for Spatial Research Workshop (ET4S 2020)
Eye Tracking Research and Application (ETRA 2019, 2020)
Conference on Spatial Information Theory (COSIT 2017, 2019)

Reviewer for

Journals	*Applied Cognitive Psychology* *Spatial Cognition and Computation* *Cognitive Research: Principles and Implications* *Environment and Planning B: Urban Analytics and City Science* *International Journal of Geographical Information Science* *Computers, Environment and Urban Systems* *Frontiers in Psychology* *Journal of Location-based Services* *Tourism Geographies* *ISPRS International Journal of Geo-information* *International Journal of Design Creativity and Innovation* *IxD&A: Interaction Design and Architecture Journal* *Journal of Urban Technology*
Conferences	*Conference on Spatial Information Theory (COSIT)* *Cognitive Science Society (CogSci)* *Eye-Tracking Research and Applications (ETRA)* *Spatial Cognition Conference* *Designing Interactive Systems Conference (DIS)*
Books	*European Handbook of Crowdsourced Geographic Information*, Ubiquity Press

Invited Academic Talks

July 2018	*Center for Cognitive Science, University of Freiburg, Germany.*
May 2016	*Chair of Cognitive Science, ETH Zürich, Switzerland.*
May 2015	*Center for Cognitive Science, University of Freiburg, Germany.*

Key Research Methods

Eye-tracking	desktop and mobile eye-tracking (Tobii, PupilLabs, SMI), including eye-tracking inside Virtual Reality (VIVE Pro Eye)
Virtual reality	designed and published virtual reality experiments in Unity 3D (driving simulator, pedestrian indoor navigation, indoor space perception)
Statistics	R, Bayesian multilevel models (incl. logistic, survival and other regression-based analyses), Structural Equation Models, circular statistics, writing R Shiny applications for exploratory analysis of complex data
Architectural analysis	Space Syntax, isovist analysis, co-visibility analysis

Languages

English	Full professional proficiency
Polish	Native proficiency
German	Intermediate

COMMUNICATION AND IMPACT

Interdisciplinarity

I actively maintain an interdisciplinary research profile by publishing and reviewing within top-tier journals across three core disciplines. I bring this experience into the classroom by delivering lectures that emphasize interdisciplinary applications of geoinformatics. I submit interdisciplinary research grant proposals that undergo simultaneous peer-review from multiple discipline committees. Examples:

	cognitive psychology	**architectural science**	**geoinformatics**
published in...	Journal of Environmental Psychology	Environment and Planning B	Journal of Spatial Information Science
reviewed for...	Spatial Cognition and Computation	Computers, Environment and Urban Systems	International Journal of Geographical Information Science
is teaching...	Spatial Cognition course	classes on Space Syntax and indoor wayfinding	Wayfinding and Navigation course

Invited Talks and Expert Meetings Outside Academia

Sep 2019 **"Wayfinding Through Orientation".** *Future Cities Lab, Singapore.*
Invited lunch-time talk for staff and visitors.

Jun 2015 **"Rethinking the Senses: Experimental Approaches and Methods in the Art Museum."** *TATE Modern gallery, London.*
Invited as a member of an expert discussion panel. Meeting co-organised by the Centre for the Study of the Senses at the University of London.

Feb 2014 **"What are you staring at? Space, Psychology, Eye-Tracking."** *BWA-Dizajn Centre for Contemporary Arts, Wroclaw, Poland.*
Invited to design and conduct a workshop on Eye-Tracking and Space Syntax techniques for curatorial design.

Public Engagement

2021 **Article for "der architekt".** *Association of German Architects, Berlin.*
Invited to contribute an article to the official journal of the Association of German Architects on the topic of architectural psychology and wayfinding.

2016-2020 **"Wayfinding Through Orientation".** *Institute for Geoinformatics, University of Münster, Germany.*
Contributed to a series of press releases, and the production of promotional video material explaining the project topic to the general public. Press articles and interviews on the subject of navigational skills.

2012 **Popular science articles.** *"Zielone Miasto" ["Green City"] Magazine, Poland.*
Wrote a series of articles on sustainability and city livability [in Polish].

Policy

Mar 2014 | **Visual Museum Experiment.** *Cultural NGOs, Warsaw, Poland.*
Member of a working group of academics, curators, and art educators designing action scenarios for museums in Poland. Scenarios and guidelines published under a Creative Commons licence.
http://wizualnyeksperymentmuzealny.wordpress.com

Industry Outreach

2016-2020 | **Wayfinding Through Orientation**
Supervision of a MSc thesis conducted in collaboration with **BOSCH**: *Driver stress level prediction* by Nico Steffens.

Supervision of a MSc thesis conducted in collaboration with **BWM**: *Conceptual Design, Implementation and Evaluation of a Motorbike Group Riding System with a Focus on a Group Navigation Feature* by Fabian Röhr.

Co-wrote a proof-of-concept grant proposing a pathway for bringing the "Wayfinding Through Orientation" prototype to the market (outcome: funder's waiting list).

TEACHING

Staff Training Delivered

2021 | **Reproducible Research**. *Graduate School of Geoinformatics, Institute for Geoinformatics, Münster.*
https://github.com/kubakrukar/ifgi-GSGI/wiki/Reproducible-research

2019 | **Bayesian Mixed Effect Models with brms R package**. *Cognition, Perception and Urban Behaviour Group, Future Cities Lab, Singapore.*

2018 | **Linear-Mixed Effect Models**. *Institute for Geoinformatics, Münster.*

Courses Designed and Taught

Delivered teaching for Bachelor (BSc) in Geoinformatics, Master of Science (MSc) in Geoinformatics, and Master of Science (MSc) in Geo-spatial Technologies:

2021 *Wayfinding and Navigation* (MSc; lecture and seminar)
2020 *Spatial Cognition* (MSc; lecture and seminar)
2019 *Wayfinding and Navigation* (MSc; lecture and seminar)
2018 *Spatial Cognition* (MSc; lecture and seminar)
2017 *Spatial Cognition* (MSc; lecture and seminar)
2016 *Research Methods in HCI* (MSc; lecture and seminar)
Interaction with Geographic Information (BSc; lecture and seminar)
2015 *Research Methods in HCI* (MSc; lecture and seminar)
SenseBox for People-Centred Urban Planning (MSc, study project)
Architectural Design (MSc, study project)
Human-Computer Interaction and Usability (BSc; seminar and lecture)

Student Supervison

Supervised 3 PhD students, 15 MSc theses, 4 BSc theses, and 1-2 student assistants per semester.

Graduate School

Moderating the meetings of the **Graduate School of Geoinformatics** - an internal body providing support to the Institute's PhD students through monthly, research skills-oriented meetings. Role: conceptualization of content, meeting organization and moderation.
https://github.com/kubakrukar/ifgi-GSGI

PhD

Co-supervising 3 PhD students **within the *"WayTO"* ERC project** (co-supervision documented by joint publications):

Marcelo de Lima Galvao (PhD ongoing)
Route Map Schematisation with Landmarks

Heinrich Löwen (disputation on 28.05.2020)
Orientation Information in Wayfinding Instructions: Selection and Evaluation of Route Dependent Information for Wayfinding and Orientation Support

Vanessa Joy Anacta (disputation on 8.10.2018)
Empirical Investigation of Orientation Information in Wayfinding Instructions.

Regularly advising other PhD students at the Institute on the issues of experimental design and statistical analysis.

MSc theses

Stop and Think: Pauses During Giving Route Instructions - Yusi Ji
Landmark-based Wayfinding System for the Blind - Rajchandar Padmanaban
Visualizing Off-Screen Landmarks on Maps for Mobile Devices - Maurin Radtke
Conceptual Design, Implementation and Evaluation of a Motorbike Group Riding System with a Focus on a Group Navigation Feature - Fabian Röhr (in colaboration with BMW)

Location-Based Notifications to Encourage VGI Participation and Contribution: Combining persuasive technologies with citizen science for controlled intervention - Joanna Kwong
Environmental Forms and Route Directions: Influences on the Acquisition of Spatial Knowledge - Stefan Fuest
Predefining regionalised environments for assisted navigation - Caitlin Lara Thorn
Pointing to a place across a barrier: Study of barriers effect on human survey knowledge - Sarah Abdelkader
A Gesture Inspired Navigation Support - Shankarlingam Sundaresan
Analysis of the validity and reliability of the Sketch Map Classifier tool - Laura Meierkort
Embodied 3d Isovist as a Predictor of Spatial Experience - Charu Manivannan
The influence of tasks on the reliability of sketch map analysis methods - Antonia van Eek
Driver stress level prediction - Nico Steffens (in collaboration with Bosch GmbH)
The Influence of Egocentric and Allocentric Navigation Support in Virtual Buildings on Navigation Performance - Ilka Pleiser

BSc theses	*Space Syntax and Navigation* - Bartosz Mazurkiewicz *Towards a 'Calm' Navigational System* - Boris Stöcker *Visibility Analysis of the GEO1 and Psychology Buildings, in Comparison (Space Syntax)* - Lasse Einfeldt *Designing a Research Tool for Studying Real-time Uncertainty in Inferring Spatial Knowledge while Drawing a Sketch Map* - Torben Kraft
Assistants	Overlooking and supervising research of 1–2 Student Assistants per semester.
External	External PhD co-supervisor (2019–): Dajana Snopková . *Department of Geography, Masaryk University, Brno, Czech Republic.* External examiner (2019). *MSc Programme, Geo-Information Science and Earth Observation (ITC), University of Twente, The Netherlands.*

SERVICE

ethics	Head of the Institute's Ethics Committee (2019–). Designed and supervised the implementation of an institute-wide ethics clearance policy for all studies involving human participants (2017-2018).
data protection	Co-designed and supervised the implementation of an institute-wide data protection policy and server infrastructure (2017-2018).
